Meeting called to order at 6:00 PM – Preliminary Plan Slideshow

Question of expectations of BCRC in regard to preliminary plan – Milestone does not want us to disseminate plans to neighborhoods until they can present to all neighborhoods in April 2<sup>nd</sup> at the Temple.

BCRC doesn't need to be "muzzled" but since this is an iterative process we don't want to get neighbors in an uproar before while still working on the process. It was suggested that the Design Principles team be invited to the next meeting.

Milestone will submit DA to City next week. Slideshow will be made available online.
